

Newcastle, Wyoming BLM Field Office Wind Resource Potential

Wind Resource Level

- High
- Medium
- Low

The wind power estimates for this map were produced by TrueWind Solutions using the Mesomap system and historical weather data. It has been validated with available surface data by NREL and wind energy meteorological consultants.

- City or Town
- Paved Road
- Non-BLM Lands
- Excluded Area
(wilderness area, wilderness study area, national monument, or national conservation area)

Transmission Line*
Voltage (kV)

- 69 **
- 100 - 161
- 230 - 287
- 345 - 500
- 1000
